INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Appalachian Juvenile Commission
Bristol, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of Appalachian Juvenile Commission, which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Specification for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Appalachian Juvenile Commission as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the postemployment and net pension liabilities and notes to the required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Accompanying Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Accompanying Schedule of Revenue and Support, Schedule of Revenue from Juvenile Detention, and the Schedule of Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. The Accompanying Schedules are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2020, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Appalachian Juvenile Commission's internal control over financial reporting and compliance.

The accompanying notes are an integral part of these financial statements.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organizational History

The Highlands Juvenile Detention Center Commission was organized as of July 1, 1984, and exists by virtue of concurrent resolutions of the counties of Washington, Smyth, and the City of Bristol, all of which are in the Commonwealth of Virginia, which resolutions implement Article 13 of Title 16.1-315 of the Code of Virginia, and as so provided, is a corporate and political public body with all the powers and duties granted to it under the Code of Virginia.

Effective July 1, 2003, the Commission was expanded to allow the counties of Lee, Dickenson, Tazewell, Wise, Russell, Buchanan, Scott and the City of Norton to buy into the Commission's regionalization over a five-year period for approximately \$980,000.

Effective July 1, 2005, Highlands Juvenile Detention Center Commission and Southwest Regional Group Home merged together to enhance the services to the youth of Southwest Virginia. The combined Commissions operate under the umbrella of one Commission known as the Appalachian Juvenile Commission. As of July 1, 2011, the Commission no longer operates the group home.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting.

Cash and Cash Equivalents

Cash and cash equivalents includes all monies in banks and highly liquid investments with maturity dates of three months or less and which are not subject to withdrawal restrictions or penalties.

Donated Property and Equipment

Donations of property and equipment are recorded as contributions at their estimated fair value at the date of donation. Such donations are reported as increases in net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with restrictions to net assets without donor restrictions at that time.

NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment

The counties of the Commission jointly own the building the Commission occupies. It was constructed in the year 1972-73 and was occupied in July 1973. The land on which the building resides was donated to the Commission in 1998. The donation was unrestricted. Expenditures for the acquisition of property and equipment with a cost greater than \$1,000 and a useful life of greater than one year are capitalized at cost. Depreciation is provided over the estimated useful lives of the building and improvements (40 years) and equipment and furniture (5-15 years) on the straight-line method.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

The Commission reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from the use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors. Based on this assessment there was no impairment at June 30, 2020.

Employee Benefits

The cost of employee benefits and compensated absences are accrued as vested to the employee. The Commission does not maintain any unfunded retirement plans. The postemployment and postretirement health benefits are unfunded; thus, no plan assets are set aside for funding.

Financial Statement Presentation

The financial statement presentation follows requirements of the Not-for-Profit Entities Topic of the Financial Accounting Standards Board Accounting Standards Codification. Under the Not-for-Profit Topic, the Commission is required to report information regarding its financial position and activities according to two classes of net assets: with donor restrictions, and without donor restrictions.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Taxes

Appalachian Juvenile Commission is a not-for-profit organization that is exempt from federal income taxes under Internal Revenue Code Section 501 (c) (3) except on net income derived from unrelated business activities. The Commission did not have any unrelated business income subject to tax. The Organization believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 2. PROPERTY AND EQUIPMENT

Property and equipment at June 30, 2020, consisted of the following:

Land	\$ 111,714
Building and improvements	3,134,390
Equipment & vehicles	<u>552,535</u>
	3,798,639
Less accumulated depreciation	<u>2,207,121</u>
Total Property and Equipment	<u>\$ 1,591,518</u>

Depreciation expense for the current period is \$96,757

NOTE 3. NATURE OF FUNDING POLICIES

State funding to support locally operated adult and juvenile programs is recorded using block grants. In accordance with Virginia Code Sections 16.1-322.1, 16.1-322.2, 16.1-309.6, and 16.1-309.7, the Commission was awarded initial grants, subject to revisions, to supplement the operation of the local correctional programs. The Commission received \$873,870 in Virginia block grant funds and \$362,821 in Juvenile Community Crime Control Act grant funds for the year ended June 30, 2020. Pursuant to Sections 16.1-322.2 and 16.1-309.7 of the Code, any unexpended funds at the end of each fiscal year shall be retained by the locality and subsequently expended for operating expenses of the Commission.

NOTE 4. CONCENTRATIONS OF RISK

The Commission maintains its operating and capital replacement cash balances at one financial institution located in Bristol TN/VA. The Federal Deposit Insurance Corporation (FDIC) insures accounts up to \$250,000. The bank collateralizes any amounts greater than \$250,000 as public funds.

NOTE 5. INVESTMENT - CERTIFICATE OF DEPOSITS

On September 29, 2016, the Commission invested in a \$1,000,000 three-year public fund certificate of deposits that matures September 26, 2019. The annual percentage yield rate is .80%. The certificates of deposit have been issued through CDARS (Certificate Deposit Account Register Service) by one or more FDIC-insured depository institutions. The CD matured on September 26, 2019 and the funds were transferred to the Capital Replace - LGIP account.

NOTE 6. RESTATEMENT OF FUND BALANCE

In October, 2011, the commission agreed to return to the localities any profits that exceeded six percent of net income. The beginning net assets on the statement of activities was restated to reflect a return of \$220,000 to the localities for fiscal year 2019.

Net Position, July 1, 2019, as previously stated	\$ 3,708,046
Localities Funding Distributions	<u>(220,000)</u>
Net Position, July 1, 2019, restated	<u>\$ 3,488,046</u>

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 7. SUBSEQUENT EVENT

Subsequent events have been evaluated through December 09, 2020, which is the date the financial statements were available to be issued.

On October 30, 2020, the commission sold the Lebanon Group Home property for \$185,000.

NOTE 8. LEASES

Appalachian Juvenile Commission entered into a lease on May 1, 2014 for additional office space. The terms of this lease is for fourteen months at \$1,112 per month which includes the 27% shared utility cost and terminates on June 30, 2019. The Commission may renew the lease for a one year option for three years. The renewal rate shall be a three percent increase in the basic rental rate plus 27% of shared utility cost.

The projected annual lease amounts for the succeeding three year period based upon the lease agreement are as follows:

Schedule of Future Lease Payments:

<u>Fiscal Year Ending</u>	<u>Basic Rate</u>	<u>Plus Additional Rate</u>
June 30, 2021	\$13,344	Plus 27% of shared utility expense
June 30, 2022	\$13,344	Plus 27% of shared utility expenses
June 30, 2023	\$13,344	Plus 27% of shared utility expenses

Office space rental expense (including 27% shared utility expenses) for June 30, 2020 was \$13,344.

The Commission also has non-material leases for office equipment which are treated as operating leases in the Statement of Activities.

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS (OPEB) PLAN

The Commission sponsors postemployment health benefits to certain former employees. Effective January 1, 2004, the Commission adopted an unfunded postretirement health and dental plan for all employees.

The ASC 715-60 standard on accounting for postretirement benefits other than pensions requires the following disclosure with regard to the retiree medical insurance liability:

Description of the Retiree Medical Insurance Plans:

Plan Type: Pre 65: Statewide funded plan which includes:
 Medical (PPO) and Vision - Anthem Blue Cross Blue Shield
 Prescription Drugs - Anthem Blue Cross Blue Shield
 Behavioral Health and EAP - Anthem Blue Cross Blue Shield
 Dental - Delta Dental Plan of Virginia
 Details of the above can be found in the "Key Advantage with Expanded Benefits" plan booklet.
 Post 65: Advantage 65, administered by Anthem Blue Cross.
Benefits cease 5 years after date of retirement and are capped at a maximum of \$500 per month.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 9. OTHER POSTEMPLOYMENT BENEFITS (OPEB) PLAN (Continued)

Eligibility	Employees are eligible for benefits at a minimum of age 50 with 20 years of service.
Benefit Cost Sharing	Employer's contribution varies according to service at retirement and is outlined as follows: i) 20 years of service - 60% benefit. ii) 25 years of service - 80% benefit. iii) 30 years of service - 100% benefit.
Spouse and Surviving Spouse Benefits:	There are no spousal or surviving spouse benefits.
Annual Medical Premiums:	As of July 1, 2019
	Pre-65 \$9,360 Post-65 \$2,412

The following ASC 715-60 disclosures provide a reconciliation of changes in the plan benefit obligations and fair value of assets and a statement of funded status as of June 30, 2020:

NOTE 10. HEALTH INSURANCE CREDIT (HIC) OPEB PLAN

Summary of Significant Accounting Policies

Health Insurance Credit Program

The Political Subdivision Health Insurance Credit Program is a multiple-employer, agent defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. The Political Subdivision Health Insurance Credit Program was established pursuant to §51.1-1400 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. For purposes of measuring the net Political Subdivision Health Insurance Credit Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Political Subdivision Health Insurance Credit Program OPEB, and the Political Subdivision Health Insurance Credit Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Political Subdivision Health Insurance Credit Program; and the additions to/deductions from the VRS Political Subdivision Health Insurance Credit Program's net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Political Subdivision Health Insurance Credit Program

Plan Description

All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision Health Insurance Credit Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision Health Insurance Credit Program OPEB, including eligibility coverage and benefits, is set out in the table below:

POLITICAL SUBDIVISION HEALTH INSURANCE CREDIT PROGRAM (HIC) PLAN PROVISIONS
<p>Eligible Employees The Political Subdivision Retiree Health Insurance Credit Program was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and who retire with at least 15 years of service credit. Eligible employees of participating are enrolled automatically upon employment. They include:</p> <ul style="list-style-type: none"> . Full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan.
<p>Benefit Amounts The political subdivision's Retiree Health Insurance Credit Program provides the following benefits for eligible employees:</p> <ul style="list-style-type: none"> . At Retirement – For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. . Disability Retirement – For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45 per month.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 10. HEALTH INSURANCE CREDIT (HIC) OPEB PLAN (Continued)

Health Insurance Credit Program Notes:

- . The monthly Health Insurance Credit benefit cannot exceed the individual premium amount.
- . No health insurance credit for premiums paid and qualified under LODA, however, the employee may receive the credit for premiums paid for other qualified health plans.
- . Employees who retire after being on long-term disability under VLDP must have at least 15 year of service credit to qualify for the health insurance credit as a retiree.

Employees Covered by Benefit Terms

As of the June 30, 2018 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	Number
Inactive members or their beneficiaries currently receiving benefits	17
Inactive members:	
Vested inactive members	0
Non-vested Inactive members	0
Inactive members active elsewhere in VRS	17
Active members	51
Total covered employees	68

Contributions

The contribution requirement for active employees is governed by §51.1-1402(E) of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The Appalachian Juvenile Commission's contractually required employer contribution rate for the year ended June 30, 2020 was .43% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from Appalachian Juvenile Commission to the Political Subdivision Health Insurance Credit Program were \$9,018 and \$8,727 for the years ended June 30, 2020 and

Net HIC OPEB Liability

The Appalachian Juvenile Commission's net Health Insurance Credit OPEB liability was measured as of June 30, 2019. The total Health Insurance Credit OPEB liability was determined by an actuarial valuation performed as of June 30, 2018, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 10. HEALTH INSURANCE CREDIT (HIC) OPEB PLAN (Continued)

Actuarial Assumptions

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.5 percent
Salary increases, including inflation –	
Locality – General employees	3.5 percent – 5.35 percent
Locality – Hazardous Duty employees	3.5 percent – 4.75 percent
Investment rate of return	6.75 Percent, net of investment expenses, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of the OPEB liabilities.

Mortality rates – Largest Ten Locality Employers - General Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement:

Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a log- normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 10. HEALTH INSURANCE CREDIT (HIC) OPEB PLAN (Continued)

Asset Class (Strategy)	Target	Allocation	Arithmetic Long- Term Expected Rate of Return	Weighted Avg Long- Term Expected Rate of Return
Public Equity		34.00%	5.61%	1.91%
Fixed Income		15.00%	0.88%	0.13%
Credit Strategies		14.00%	5.13%	0.72%
Real Assets		14.00%	5.27%	0.74%
Private Equity		14.00%	8.77%	1.23%
MAPS- Multi-Asset		6.00%	3.52%	0.21%
PIP - Private Inv		3.00%	6.29%	0.19%
Total		<u>100.00%</u>		<u>5.13%</u>
		Inflation		<u>2.50%</u>
		* Expected arithmetic nominal return		<u>7.63%</u>

* The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a longterm rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

Schedule of Changes in Net HIC OPEB Liability:

	Increase (Decrease)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Commission, as well as what the total OPEB liability would be if were calculated using a discount rate of 6.75%, as well as what the Political Subdivision's net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	<u>1.00% Decrease (5.75%)</u>	<u>Current Discount (6.75%)</u>	<u>1.00% Increase (7.75%)</u>
Plan's Net OPEB Liability	\$ 102,713	\$ 90,541	\$ 80,168

Health Insurance Credit Program OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Health Insurance Credit Program OPEB

For the year ended June 30, 2020, the Commission recognized OPEB expense \$8,596. At June 30, 2020, the Commission reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of</u>
Differences between expected and actual experience	\$ 3,981	\$ 2,552
Change in assumptions	2,336	1,644
Net differences between projected and actual earnings on HIC OPEB Plan investments	115	419
Employer contributions subsequent to the measurement date*	<u>9,018</u>	<u>-</u>
Total	<u>\$ 15,450</u>	<u>\$ 4,615</u>

\$9,018 reported as deferred outflows of resources related to the HIC OPEB resulting from the Commission's contributions subsequent to the measurement date will be recognized as a reduction of the Net HIC OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

Year ended June 30:	
Year 1 (2021)	\$ 206
Year 2 (2022)	\$ 204
Year 3 (2023)	\$ 407
Year 4 (2024)	\$ 499
Year 5 (2025)	\$ 532
Thereafter	\$ (31)

NOTE 11. GROUP LIFE INSURANCE (GLI) PROGRAM OPEB PLAN

Summary of Significant Accounting Policies

Group Life Insurance

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the Virginia Retirement System (VRS) Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Group Life Insurance Program

Plan Description

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

GROUP LIFE INSURANCE PROGRAM PLAN PROVISIONS
<p>Eligible Employees</p> <p>The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> <input type="checkbox"/> City of Richmond <input type="checkbox"/> City of Portsmouth <input type="checkbox"/> City of Roanoke <input type="checkbox"/> City of Norfolk <input type="checkbox"/> Roanoke City Schools Board <p>Basic group life insurance coverage is automatic upon employment. Coverage end for employees who leave their position before retirement eligibility or who take a refund of their member contributions and accrued interest.</p>

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 11. GROUP LIFE INSURANCE (GLI) PROGRAM (OPEB) PLAN (Continued)

<p>Benefit Amounts The benefits payable under the Group Life Insurance Program have several components.</p> <ul style="list-style-type: none"><input type="checkbox"/> Natural Death Benefit – The natural death benefit is equal to the employee’s covered compensation rounded to the next highest thousand and then doubled.<input type="checkbox"/> Accidental Death Benefit – The accidental death benefit is double the natural death benefit.<input type="checkbox"/> Other Benefit Provisions – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include:<ul style="list-style-type: none">o Accidental dismemberment benefito Safety belt benefito Repatriation benefito Felonious assault benefito Accelerated death benefit option
<p>Reduction in benefit Amounts The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.</p>
<p>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA) For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and was increased to \$8,463 effective June 30, 2020.</p>

Contributions

The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% X 60%) and the employer component was 0.52% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer’s contractually required employer contribution rate for the year ended June 30, 2020 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the Group Life Insurance Program from the entity were \$10,905 and \$10,540 for the years ended June 30, 2020 and June 30, 2019, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 11. GROUP LIFE INSURANCE (GLI) PROGRAM OPEB PLAN (Continued)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB

At June 30, 2020, the Commission reported a liability of \$168,260 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2019 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation as of that date. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2019 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2019, the participating employer's proportion was .01034% as compared to .01006% at June 30, 2018.

For the year ended June 30, 2020, the Commission recognized GLI OPEB expense of \$3,140. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,190	\$ 2,183
Net differences between projected and actual earnings on HIC OPEB Plan investments	-	3,456
Change in assumptions	10,623	5,074
Change in proportionate share Employer contributions subsequent to the measurement date	3,735	5,543
	<u>10,905</u>	<u>-</u>
Total	<u>\$ 36,453</u>	<u>\$ 16,256</u>

\$10,905 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

Year ended June 30:		
Year 1 (2021)	\$	(153)
Year 2 (2022)	\$	(153)
Year 3 (2023)	\$	1,311
Year 4 (2024)	\$	3,142
Year 5 (2025)	\$	3,953
Thereafter	\$	1,192

 NOTES TO FINANCIAL STATEMENTS

NOTE 11. GROUP LIFE INSURANCE (GLI) PROGRAM OPEB PLAN (Continued)

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2018 using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

Inflation	2.5 percent
Salary increases, including inflation –	
General state employees	3.5 percent – 5.35 percent
Teachers	3.5 percent – 5.95 percent
SPORS employees	3.5 percent – 4.75 percent
VaLORs employees	3.5 percent – 4.75 percent
JRS employees	4.5 percent
Locality - General employees	3.5 percent – 5.35 percent
Locality - Hazardous Duty employees	3.5 percent – 4.75 percent
Investment rate of return	6.75 Percent, net of investment expenses, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of the OPEB liabilities.

Mortality rates – General State Employees

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with Scale BB to 2020; males set back 1 year, 85% of rates; females set back 1 year.

Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with Scale BB to 2020; males set forward 1 year; females set back 1 year with 1.5% increase compounded from ages 70 to 85.

Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males 115% of rates; females 130% of rates.

Net GLI OPEB Liability

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program’s total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2019, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

Group Life Insurance OPEB Program

Total GLI OPEB Liability	\$ 3,390,238
Plan Fiduciary Net Position	<u>1,762,972</u>
Employers’ Net GLI OPEB Liability (Asset)	<u>1,627,266</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	52.00%

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 11. GROUP LIFE INSURANCE (GLI) PROGRAM OPEB PLAN (Continued)

The total GLI OPEB liability is calculated by the System’s actuary, and each plan’s fiduciary net position is reported in the System’s financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System’s notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the System’s investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System’s investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target	Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Avg Long-Term Expected Rate
Public Equity		34.00%	5.61%	1.91%
Fixed Income		15.00%	0.88%	0.13%
Credit Strategies		14.00%	5.13%	0.72%
Real Assets		14.00%	5.27%	0.74%
Private Equity		14.00%	8.77%	1.23%
MAPS- Multi- PIP - Private		6.00%	3.52%	0.21%
		3.00%	6.29%	0.19%
Total		<u>100.00%</u>		<u>5.13%</u>
		Inflation		<u>2.50%</u>
		* Expected arithmetic nominal return		7.63%
			Inflation	<u>2.50</u>
		* Expected arithmetic nominal return		<u>7.63%</u>

* The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. The VRS Board elected a long-term rate of 6.75% which is roughly at the 40th percentile of expected long-term results of the VRS fund asset allocation.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 11. GROUP LIFE INSURANCE (GLI) PROGRAM OPEB PLAN (Continued)

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2019, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2019 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1.00% Decrease (5.75)%	Current Discount Rate (6.75)%	1.00% Increase (7.75)%
Employer's proportionate share of the GLI Program Net OPEB Liability	\$ 221,047	\$ 168,260	\$ 125,451

Group Life Insurance Program Fiduciary Net Position

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2019 Comprehensive Annual Financial Report (CAFR). A copy of the 2019 VRS CAFR may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2019-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTES TO FINANCIAL STATEMENTS

NOTE 12. PENSION PLANS

Defined Contribution Plan:

The Commission has a 457 defined contribution plan which is 100% funded by employee contributions.

Pensions - Virginia Retirement System

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows or resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Political Subdivision's Retirement Plan and the additions to/deductions from the Political Subdivision's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employees contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Description

All full-time, salaried permanent employees of the Political Subdivision are automatically covered by VRS Retirement Plan upon employment. This plan is administered by Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior services, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military services, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees - Plan 1, Plan 2, and, Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

PLAN 1	PLAN 2	HYBRID RETIREMENT PLAN
<p>Vesting Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund. Members are always 100% vested in the contributions that they make.</p>	<p>Vesting Same as Plan 1.</p>	<p>Vesting Defined Benefit Component: Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. Plan 1 or Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component. Define Contributions Component: Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan. Members are always 100% vested in the contributions that they make. Upon retirement of leaving covered employment, a member is eligible to withdraw a percentage of employer contribution to the defined contribution component of the plan, base on service.</p> <ul style="list-style-type: none"> • After two years, a member is 50% vested and may withdraw 50% of employer contributions. • After three years, a member is 75% vested and may withdraw 75% of employer contributions. • After four or more years, a member is 100% vested and may withdraw 100% of employer contributions. <p>Distribution is not required by law until age 70 1/2.</p>

--	---	---

Employees Covered by Benefit Terms

As of the June 30, 2019 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

Inactive members or their beneficiaries currently receiving benefits	23
Inactive members:	
Vested inactive members	10
Non-vested inactive members	12
Inactive members active elsewhere in VRS	10
Total inactive members	32
Active members	51
Total covered employees	106

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 12. PENSION PLANS (VRS) (Continued)

Contributions (Continued)

Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution.

The political subdivision's contractually required contribution rate for the year ended June 30, 2020 was 7.95 % of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2018.

This rate, when combined with employee contributions, was expected to finance the cost of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contribution to the pension plan from the political subdivision were \$159,236 and \$154,862 for the years ended June 30, 2020 and June 30, 2019, respectively.

Net Pension Liability

The net pension liability (NPL) is calculated separately for employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For political subdivisions, the net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2018 rolled forward to the measurement date of June 30, 2019.

Actuarial Assumptions - General Employees

The total pension liability for General Employees in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2018, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2019.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 12. PENSION PLANS (VRS) (Continued)

Actuarial Assumptions - General Employees (Continued)

Inflation	2.5% (Plan 1) ; 2.25%(Plan 2 & Hybrid)
Salary increases, including Inflation	3.5 % - 5.35%
Investment rate of return	6.75 percent, net of pension plan investment expense, including inflation*

* Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

Mortality rates:

Largest 10 - Non-Hazardous Duty: 20% of deaths are assumed to be service related

Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

Post-Retirement

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

Post-Disablement:

RP-2014 Disability Life Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 12. PENSION PLANS (VRS) (Continued)

The actuarial assumptions used in the June 30, 2017 valuation were based on the results of an actuarial experience study for the period from July 1, 2008 through June 30, 2016. Changes to the actuarial assumptions as a result of the experience study are as follows:

Largest 10 - Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP- 2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of services
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 20%

All Others (Non 10 Largest) - Non-Hazardous Duty:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP- 2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of services
Disability Rates	Lowered rates
Salary Scale	No change
Line of Duty Disability	Increase rate from 14% to 15%

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Avg Long-Term Expected Rate of Return
Public Equity	34.00%	5.61%	1.91%
Fixed Income	15.00%	0.88%	0.13%
Credit Strategies	14.00%	5.13%	0.72%
Real Assets	14.00%	5.27%	0.74%
Private Equity	14.00%	8.77%	1.23%
MAPS - Multi-Asset Public	6.00%	3.52%	0.21%
PIP - Private Investment	3.00%	6.29%	0.19%
Total	<u>100.00%</u>		5.13%
		Inflation	2.50%
		* Expected arithmetic nominal return	<u>7.63%</u>

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 12. PENSION PLANS (VRS) (Continued)

*The above allocation provides a one-year return of 7.63%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2019, the alternate rate was the employer contribution rate used in FY2012 or 90% of the actuarially determined employer contribution rate from June 30, 2017, actuarial valuations, whichever was greater. From July 1, 2019 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contributions rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the Long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Total Pension Liability (a) - (b)
Balance at June 30, 2018	\$ 6,376,631	\$ 5,294,498	\$ 1,082,133
Change for the year:			
Service Cost	176,567	-	176,567
Interest	436,606	-	436,606
Changes in assumptions	212,878		212,878
Differences between expected and actual experience	(82,027)	-	(82,027)
Contributions - employer	-	154,676	(154,676)
Contributions - employee	-	97,693	(97,693)
Net investment income	-	355,255	(355,255)
Benefit payments, including refunds of employee contributions	(273,200)	(278,795)	5,595
Administrative expenses	-	(3,450)	3,450
Other changes	(5,595)	(224)	(5,371)
Net changes	465,229	325,155	140,074
Balance at June 30, 2019	\$ 6,841,860	\$ 5,619,653	\$ 1,222,207

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 12. PENSION PLANS (VRS) (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following present the net pension liability of the political subdivision using the discount rate of 6.75%, as well as what the political subdivision's net pension liability would be if it were calculated using the discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Discount Rate (6.75%)	1% Increase (7.75%)
Political Subdivision's Plan's Net Pension Liability	\$ 2,189,128	\$ 1,222,207	\$ 459,940

For the year ended June 30, 2020, the political subdivision recognized pension expense of \$118,180. At June 30, 2020, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 53,974	\$ 138,781
Change in assumptions	162,907	33,147
Net difference between projected and actual earnings on plan investments	56,910	106,231
Employer contributions subsequent to the measurement date	159,236	-
Total	\$ 433,027	\$ 278,159

\$159,236 reported as deferred outflows of resources related to pensions resulting from the Commission's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30			
2021	\$	(33,644)	
2022	\$	(17,249)	
2023	\$	35,676	
2024	\$	10,849	
2025	\$	-	
Thereafter	\$	-

APPALACHIAN JUVENILE COMMISSION
NOTES TO FINANCIAL STATEMENTS

NOTE 13. FUNCTIONAL EXPENSES

The Statement of Functional Expenses categorizes expenses that are attributable to program and supporting functions. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. Accordingly, certain cost have been allocated among the program and supporting services benefited. Such allocations are determined by management on a reasonable and equitable basis.

Allocated expenses and the method of allocation are as follows:

Allocated Expenses	Method of Allocation
Salaries and wages	Time and effort
Payroll tax expense	Time and effort
Employee health, dental insurance	Time and effort
Employee disability and life	Time and effort
Postemployment / retirement benefits (gain)	Time and effort
Workman's compensation insurance	Time and effort
Commission expense	Time and effort
Professional fees	Full-time equivalent
Dues and professional membership	Time and effort
Other program expenses	Time and effort

NOTE 14. LIQUIDITY

The following reflects the Commission's financial assets as of the balance sheet date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the balance sheet date.

As part of the Commission's liquidity management, the Commission invest cash in excess of the annual requirements in the Local Government investmen pool. The Commission liquidity at year end to support the ongoing activities is as follows:

	<u>2020</u>
Financial assets at year-end	\$ 4,149,347
Less those unavailable for general expenditures within one year.	<u>-</u>
Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 4,149,347</u>

 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 For the Year Ended June 30, 2020

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2018 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

Largest Ten Locality Employers - General Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 20%

Non-Largest Ten Locality Employers - General Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages and extended final retirement age from 70 to 75.
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Lowered disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 14 to 15%

Largest Ten Locality Employers – Hazardous Duty Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered retirement rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Increased disability rates
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 70%

Non-Largest Ten Locality Employers – Hazardous Duty Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted termination rates to better fit experience at each age and service year
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Decreased rate from 60% to 45%

For the Year Ended June 30, 2020

**Schedule of Employer's Share of Net OPEB Liability Group Life Insurance Program
For the Measurement Dates of June 30, 2019, 2018 and 2017**

	2020	2019	2018
Employer's Proportion of the Net GLI OPEB Liability (Asset)	0.01034%	0.01033%	0.01066%
Employer's Proportionate Share of the Net GLI OPEB Liability (Asset)	\$ 168,260	\$ 155,450	\$ 168,260
Employer's Covered Payroll	\$ 2,049,931	\$ 1,913,191	\$ 1,881,048
Employer's Proportionate Share of the Net GLI OPEB Liability (Asset) as a Percentage of its Covered Payroll	8.2081%	8.7947%	8.9450%
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	52.00%	51.22%	48.86%

Schedule is intended to show information for 10 years. Since 2019 is the third year for this presentation, there are only three years available. However, additional years will be included as they become available.

Schedule of Employer GLI Contributions
For the Years Ended June 30, 2016 through 2020

Date	Contractually Required Contribution	Contributions in Relation to Contractually Required Contribution	Contribution Deficiency (Excess)	Employer's Covered Payroll	Contributions as a % of Covered Payroll
	(1)	(2)	(3)	(4)	(5)
2020	\$ 10,905	\$ 10,905	\$ -	\$ 2,097,099	0.5200%
2019	\$ 10,540	\$ 10,540	\$ -	\$ 2,049,931	0.5142%
2018	\$ 9,949	\$ 9,949	\$ -	\$ 1,913,191	0.5200%
2017	\$ 9,912	\$ 9,912	\$ -	\$ 1,881,048	0.5269%
2016	\$ 9,196	\$ 9,196	\$ -	\$ 1,886,751	0.4874%

For Reference Only:

Column 1 – Employer contribution rate multiplied by the employer's covered payroll
Column 2 – Actual employer contribution remitted to VRS
Column 4 – Employer's covered payroll amount for the fiscal year.

Notes to Required Supplementary Information
For the Year Ended June 30, 2020

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The following changes in actuarial assumptions were made effective June 30, 2018 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

General State Employees

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP- 2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 14% to 25%

Teachers

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Updated to a more current mortality table – RP-2014 projected to 2020
Retirement Rates	Lowered rates at older ages and changed final retirement from 70 to 75
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change

SPORS Employees

Mortality Rates (Pre-retirement, post- retirement healthy, and disabled)	Updated to a more current mortality table – RP- 2014 projected to 2020 and reduced margin for future improvement in accordance with \experience
Retirement Rates	Increased age 50 rates and lowered rates at older ages
Withdrawal Rates	Adjusted rates to better fit experience
Disability Rates	Adjusted rates to better match experience
Salary Scale	No change
Line of Duty Disability	Increased rate from 60% to 85%

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Appalachian Juvenile Commission
Bristol, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Appalachian Juvenile Commission, which comprise the statement of financial position as of June 30, 2020, and the related statement of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 9, 2020

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Appalachian Juvenile Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Appalachian Juvenile Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit **we did not identify any deficiencies in internal control that we consider to be material weaknesses**. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Appalachian Juvenile Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. **The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.**

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
